EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

- b. Cancelled claims 29 and 30.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

3. In regard to claims 1,13 and 17, the staple gun manually actuated to drive a staple and operate a shuttle mechanism as the staple gun is contacted against a work piece is distinguished over the prior art of McGuinness which discloses the use a staple gun which does not actuate a driver and operate a shuttle mechanism as the tool impacts the surface.

4. In regard to claim 22, the manually actuated staple gun comprised of shuttling means coupled to the stapler, which feeds a cap to the driving position in conjunction with the stapler as it is manually actuated to drive a staple into a work piece is distinguished over the prior art of McGuinness which discloses the use of a pneumatic tool and feeds the cap, independent of the actuation of the stapler.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
